

DEME awarded contract for construction of offshore wind terminal in the port of Cuxhaven

27 November 2024

DEME AWARDED CONTRACT FOR CONSTRUCTION OF OFFSHORE WIND TERMINAL IN THE PORT OF CUXHAVEN

DEME has been awarded a contract for the construction of an offshore wind terminal in the Port of Cuxhaven in Germany. The terminal will boost Cuxhaven's position as a key offshore industrial hub to support the handling of heavy-duty loads, particularly components for offshore wind farms.
